

7 TIPS TO MAKE UNPACKING EASIER

Moving day doesn't have to mean chaos. Use these tips to settle into your new home faster:

4 Create an unpacking plan

Prioritize kitchens, bedrooms and bathrooms, then move to common areas. Unpack essentials first and break down boxes as you complete each room.

5 Delegate tasks

Get members of the family involved with age-appropriate jobs.

6 Set realistic goals

Unpacking takes time. Focus on progress, not perfection.

7 Make it fun

Turn on your favorite playlist or podcast and enjoy making your new house a home. Also, take breaks to avoid burning out.

2 Prepare your tools

Keep box cutters, scissors, cleaning supplies and dust rags nearby.

3 Keep donation bags handy

If you don't need it, don't unpack it. Declutter as you go.
