

MAKE a SPLASH with a WELL-MAINTAINED POOL!

Pool maintenance isn't just for summer — it's a year-round effort to keep your pool in tip top shape.

Summer

- Test water weekly.
- Check filter pressure.
- Add chlorine regularly.
- Shock pool after parties or rainstorms.
- Check skimmer basket and cleaner bag.

Fall

- Check skimmer basket regularly.
- Empty cleaner bag.
- Use skimmer net to remove leaves.

Winter

- Winterize pump and equipment.
- Adjust water levels and water chemistry.
- Drain and blow out equipment.
- Secure safety cover.
- Aerate pool weekly.

Spring

- Remove pollen from cover.
- Clean filter and adjust water chemistry.
- Check pool heater.
- Treat algae growth.
- Add a clear product.
